Prediction markets are popping in October

Google's newly released AI-powered search results are garnering lots of attention—for the wrong reasons. After the tech behemoth announced a host of new AI-powered tools last week as part of a new “Gemini Era,” its trademark web search results changed significantly, with natural language answers to questions displayed above websites. “In the past year, we’ve answered billions of queries as part of the search-generated experience,” Google CEO Sundar Pichai told the audience. “People are using it...

In response to Nailwal's post, Buterin acknowledged Polygon's contributions to Ethereum, noting that it hosts the largest predictions market platform in Polymarket and has advanced zk-EVM technology, among other things.

Crypto market sentiment has also dropped to its lowest level since April, following Friday's historic sell-off, which resulted in over \$20 billion in liquidations on centralized exchanges.
