The next crypto bear market could be particularly brutal and driven by a business cycle downturn that has never been seen in crypto before, according to analyst Willy Woo.

“While differentiating between this content is a technical challenge for search engines, we’re making ongoing improvements to better surface legitimate content and downrank explicit fake content,” Google said. In regards to CSAM, the Google spokesperson said the company takes this subject very seriously and has dedicated an entire team specially to combat this illegal content.

In between are the hybrids, those L1s that want to be open enough to attract the crypto-native crowd but structured enough to keep institutions comfortable. This middle ground is where some of the most interesting battles will be fought — because it's the one place both sides might meet.

In a letter sent Tuesday to Acting CFPB Director Russ Vought, Senator Cynthia Lummis (R-WY) expressed "strong support" for the Consumer Financial Protection Bureau's open banking rule and urged it "finalize this rule as soon as possible."

VC participation remains necessary to bring the "progressive decentralization" needed to achieve a "secure global information infrastructure," explained Lubin.

The data analytics platform also showed that in the last 30 days, BNB Chain's successful transactions reached 500 million, a 151% surge from the previous 30-day period. This puts the network second to Solana, which holds the top spot for transactions.
