He said that we've previously had two cycles superimposed based upon the Bitcoin halving events every four years and the M2 global money supply.

Before livestreaming was a native feature on the platform, a Miami dev called Mikol doused himself in isopropyl alcohol and had fireworks shot at him. He instantly went up in flames, dropping to the floor as his friends struggled to put the fire out. Mikol was then rushed to the hospital with third-degree burns across a large portion of his body.

While memecoins showed signs of recovery after the crash, another drop came on Friday, with memecoin assets declining from 9%–11% during the day.
