In response to an X user's question, he also agreed that in the short term the chains from large financial giants could help mainstream adoption.

“When corporations gain too much legibility and influence over open source projects, priorities start to drift away from the community’s long-term vision and toward corporate incentives. That’s how misalignment begins.”

BNB opened today at \$1,090.97 and closed at \$1,157.05, marking a solid 6.06% daily gain after hitting a new all-time high. The intraday high of \$1,168.39 shows bulls are in complete control, with the token breaking through resistance levels like they’re made of paper.
