Japan's new Prime Minister, Sanae Takaichi, announced a package of economic stimulus measures on Tuesday to ease the impact of inflation on households. The move, some crypto observers said, may drive more capital into Bitcoin.

By contrast, Grok's strong performance implies that a powerful, general-purpose AI may be capable of successfully navigating markets on its own—a potentially disruptive development for the entire industry.

Last month, CleanSpark secured a new \$100 million credit line from Coinbase Prime, extending its financing arrangements with the exchange.

These include conspicuously posted warnings about speculative risk, which direct the user to informational pages and other prompts designed to alert the user and mandated know-your-customer requirements.

On Oct. 10, 2024, Kobayashi announced that most repayments to verified creditors had been completed, though many were still pending due to incomplete procedures or processing issues.

Earlier this week, BTC attempted to find support around \$110,000, buoyed by steady spot demand from US investors. The Coinbase premium even spiked to 0.18, its highest reading since March 2024.
