The company also stayed active on the strategic front, embracing the growing, though sometimes controversial, digital-asset treasury trend. During the quarter, Galaxy announced plans to participate in a \$1.65 billion Solana treasury initiative alongside Cantor Fitzgerald, Multicoine Capital and Jump Crypto.

The proposed buyback framework comes ahead of the upcoming Aave v4 upgrade slated for the fourth quarter of 2025.

People have always looked to frontiers for freedom. That is because societies are, fundamentally, structures that organize violence to contain the desires of individuals in favor of the priorities of those in power. Generally, this has at least

some pro-social qualities: Police have a privileged role as monopolists of violence so that we can buy deodorant at Walgreens without ringing a bell for an attendant. But that does not change what it is.

One of the meme coin devs asked the gym influencer for a picture, but when he attempted to nab Martyn's hat, he was slapped across the face as the fitness creator exclaimed, "You think that shit's funny? Get the fuck out of here."

In June 2024, Core Scientific announced a \$3.5 billion deal with AI cloud provider CoreWeave to provide an additional 200 megawatts of infrastructure to host CoreWeave's high-performance computing (HPC) operations.
