SearchGPT is the latest development in what appears to be a new era in web search, which The Verge's Nilay Patel has termed "Google Zero." This approach prioritizes practicality over variety: instead of presenting a list with different sources and approaches to a specific query, which encourages users to do their own research, AI-powered search engines opt for a more direct tactic, providing concise, summarized information responding exactly to what users are looking for.

American Bitcoin will soon go public. According to the Trumps, it plans to be "the world's largest and most efficient Bitcoin miner."

retail investors are known for entering the market during periods of euphoria, typically after strong rallies or new all-time highs. Still, despite Bitcoin hitting multiple all-time highs in 2025, the general public's interest and retail activity continue to lag.

Russia's volumes up almost 50% since last year

Mauzy argued Armbrust was not a "malicious hacker" but instead was someone acting out of "desperation and despair," noting how his client made no attempt to conceal the activity and had taken full responsibility for the losses.

The measured target from the flagpole's height comes to be around \$3,120, about a 20% drop from the current price.
