The team promised that Ondo will do for securities what stablecoins have done for dollars, making the tokenized assets tradeable outside of typical market hours and available worldwide.

Wall Street and the crypto world have long operated in separate spaces. While Wall Street was defined by traditional finance and clear regulatory norms, the crypto industry evolved around decentralized systems and shifting regulations. That divide is now narrowing, thanks to the launch of the first publicly traded investment vehicle dedicated to staking cryptocurrency.

If the price breaks above resistance while funding spikes and OI balloons, treat the breakout as suspect until the level is retested and holds. After the initial pop, healthy signs include funding cooling off and OI rebuilding on the retest. If, instead, open interest unwinds and price slips back below the level, the breakout likely failed.
