The group claims this demonstrates confidence in Bitcoin's fundamentals and aligns with its goal of developing a Bitcoin-centric institutional finance platform that combines treasury management, liquidity aggregation, and mining operations within a regulated framework.

This guide shows how to read those signals (and wait for confirmation) before putting capital at risk.

In Europe and the US, major fast-food chains like Subway and Burger King continue to accept crypto payments, often through third-party gift card services or payment processors. While not a direct, in-house integration for every location, it's

a simple way for consumers to spend their Bitcoin.

The US government has been shut down since Oct. 1, marking the third-longest closure in US history. It is unlikely there will be a vote on the digital assets market structure bill until it reopens.

As bizarre as the cryptosphere may be at times, Haines wants the show to feel realistic and authentic, providing an inside look at how scams and hacks propagate. Haines said that goal has gotten some pushback from prospective backers, but it hasn't made a difference.

Once a coin passes the quick screen, the next step is to dig into the data that tells you whether a project has staying power or is just another short-lived pump.
