In April, Google joined Meta, OpenAI, and other generative AI developers in pledging to enforce guardrails that would keep their respective AI models from generating child sexual abuse material (CSAM).

To that point, Dalio said that deregulation isn't a threat to governments' use of fiat currencies in stabilizing economies or facilitating international trade. It is rather unhealthy debt levels, he said, that are eroding the status of currencies like the greenback across several sovereigns.

After resigning from Digital River in February 2020, Armbrust continued accessing the company's Amazon Web Services account between December 2020 and May 2021, running a program that mined cryptocurrency without authorization.

Price pushes through a well-watched level on weak or average volume, shows little follow-through, and the next candle closes back inside the prior range.

"The markets teach you, you always have to relook at your assumptions," Fink told CBS last week. "There is a role for crypto in the same way there is a role for gold, that is, it's an alternative."

"Large banks have shown they'll restrict access for political reasons, targeting industries & individuals they disagree with, including gun manufacturers, digital assets, churches, & even @POTUS," Lummis tweeted while sharing the letter.
