Tokyo Whale stops selling at around 144,000 BTC

Launched by Grayscale Investments, one of the largest digital asset managers, this staking-enabled exchange-traded product (ETP) signals a new phase in crypto's maturation and integration with traditional finance. It's more than a fund; it's a bridge providing traditional investors a regulated pathway to tap into the growth potential of crypto staking.

Once a coin passes the quick screen, the next step is to dig into the data that tells you whether a project has staying power or is just another short-lived pump.

Crypto community divided on Stripe's Tempo blockchain

Particle6 did not immediately respond to a request for comment by Decrypt.

He said it's reasonable to expect the Financial Conduct Authority to "proceed deliberately" by monitoring market conduct and retail outcomes before "broadening issuer participation" and considering additional crypto assets "in close alignment with other major financial centres."
