Comprehensive Guide to binance crashed

Polymarket has already had a strong month of integrations, including Sam Altman's identity-focused World App on Tuesday and crypto wallet MetaMask, which expects its integration to take place before the end of the year.

Users of prediction market Myriad, launched by Decrypt's parent company DASTAN, place a roughly 60% chance on Bitcoin's dominance surging to 64% instead of dropping down to 54%, down from 69% at the start of the month.

At 77, BNB's RSI is one strong week from breaching 80, where corrections typically trigger. The parabolic structure itself is inherently fragile—if BNB breaks below its rising support line even briefly, it could cascade into a 20-30% correction

as stop-losses trigger and profit-takers flood exits.

The export controls prompted US President Donald Trump to announce additional 100% tariffs on China, and revealed that China “has a lot more leverage than a lot of the Western commentators are admitting,” Gromen said. He added:

In late 2022, the company disclosed it was among several firms affected by the collapse of FTX, with a portion of its assets trapped in the now defunct exchange.

LimeWire has acquired Fyre Festival, eight years after what is widely regarded as the most disastrous attempt ever at throwing a festival. Previously led by founder Billy McFarland and rapper Ja Rule, LimeWire has gutted the Fyre team and is plotting a fresh, crypto-fueled start for the controversial brand.
