Mt. Gox's extended Bitcoin repayment deadline nears

The shift shows that while investors expect the market to remain contained, they are hedging against the risk of a sudden drop.

The primary struggle for a crypto investor is not a lack of information but a relentless deluge of it. News websites, social media feeds and onchain data streams constantly churn with updates that can be overwhelming. XAI's Grok 4 aims to change that. It pulls live data straight from X, pairs it with real-time analysis and filters signals from noise. For a market that is heavily influenced by narrative momentum and community chatter, this is indeed a notable capability.

Paradigm has invested widely across the market, covering anything from DeFi and NFTs to blockchain security, infrastructure and startups.

Russia's volumes up almost 50% since last year

Incumbent Jose Luis Pacheco rejected the possibility of Bitcoin as an investment while calling blockchain "an emerging technology with promise," suggesting CalPERS "should study this opportunity through partnerships and research."
