Blue Origin and Lockheed Martin are expected to bid for the same contract, as SpaceX's main competitors.

How has it worked out? During the late-2024-to-mid-2025 rally, media estimates pointed to unrealized gains of \$300 million by December 2024, rising to portfolio values north of \$700 million months later, implying hundreds of millions in profit at peak. Figures move with price, but the pattern was clear in that upswing: Disciplined buying built a meaningful position.

Lee told CNBC after the trading day on Friday that investors were still “licking their wounds” from the record leverage flush, but there was also a bit of “gold envy” as the commodity has been a “huge performer this year.”

The fund was on track to hit \$100 billion in assets under management and become the youngest ETF to cross that milestone, but last week's market crash derailed the timeline.

“In years past, stablecoins were used mostly to settle speculative crypto trades; as of the last couple years, they have become the fastest, cheapest, and most global way to send a dollar,” the report said.

Should the plan be implemented, it could remake the banking landscape in America. Even if crypto banks were restricted from certain privileges, the ability for them to function as federal banks could have significant implications for every corner of the industry, from crypto exchanges to stablecoin issuers.
