Meanwhile, whales, or large cryptocurrency investors, are signaling renewed appetite for Bitcoin, as Bitcoin's price is recovering from its dip to a four-month low of \$104,000 on Friday.

With Grok 4, you can automate the first round of filtering — for example, summarizing white papers, spotting tokenomics red flags and checking liquidity. By the time you get to manual research, you are already down to the 10% of projects that actually deserve your attention.

Julian Zehetmayr, CEO of LimeWire, told Decrypt that acquisition costs totaled approximately \$230,000. He warned that the team's plans are still in their infancy as they pin down specifics in the coming months, and that he expects a more detailed announcement to be released in early 2026.

Cross-border payment is one of the important application scenarios of blockchain technology. The traditional cross-border payment process is complex, involving multiple intermediaries, with long settlement time and high fees. In contrast, cross-border payments based on blockchain technology can realize direct peer-to-peer transactions, greatly simplifying the process, shortening settlement time, and reducing costs. Currently, several countries and financial institutions have begun to try using blockchain technology for cross-border payments. With the continuous maturity of technology and the improvement of regulatory frameworks, blockchain cross-border payments are expected to become the mainstream cross-border payment method in the future.

For those new to the campaign, Algorand is a strategic initiative designed as a guided tour of the Algorand ecosystem. Running until Dec. 29, the campaign transforms onchain activity into a game.

The crypto exchange sent a letter to the Treasury on Friday, responding to the agency's request for comment on innovative methods to detect illicit activity involving digital assets.
