The U.S. government is spending more money than it’s taking in, while servicing enormous amounts of debt. And as the government borrows more to cover budget

shortfalls, while managing its existing burden, creditors could eventually cause trouble, Dalio said.

The story follows founder Griff Green's perspective as the early instantiation of decentralized governance rises, raises \$160 million and then, at once, falls victim to a devastating hack.

Unlike previous rallies, this one is expected to be driven by long-term investors seeking portfolio stability, rather than short-term speculation.
