Assets associated with the infamous Libra token—launched in February, and promoted by Argentine President Javier Milei—were unfrozen by a Manhattan federal judge on Tuesday. The judge said that she no longer believes that the defendants would run off with the cash, after the pair had been compliant with court proceedings. It comes after the same U.S. district judge, Jennifer L. Rochon, froze \$57.6 million worth of USDC found in June as part of a case in which the plaintiffs are seeking over

And last month, only one in four of the 1,900 investors polled by Binance Australia estimated that Bitcoin will top \$150,000 in the next six months.

The stated objective for the models is to maximize their risk-adjusted returns. The rules emphasize autonomy, requiring each AI to independently generate its trading ideas, size and time its trades, and manage its own risk, with all model outputs and corresponding trades made public for transparency.

“Blockchain and other innovative technologies can counter these emerging risks. Treasury and other policymakers should promote their use to identify and deter illicit activity.”
