Strategy said earlier this year that it was adjusting its policy on common share issuance to convey discipline. The policy was modified to give the company greater flexibility, but onlookers suggested that it could make Strategy's move less predictable moving forward.

The competition began with \$200 in starting capital for each bot, which was later increased to \$10,000 per model, with trades executed on the decentralized exchange Hyperliquid.

That said, Grok 4 is an insights tool, not a safety net. Recent incidents around moderation and response behavior mean you must validate outputs with independent sources. That's why you should ideally treat Grok 4 as a rapid investigator, not as the final arbiter.
