Comprehensive Guide to binance funds are safe

How to read: A rising wedge in an uptrend often signals a potential reversal as momentum weakens, while a falling wedge in a downtrend points to a possible bullish reversal. These patterns can also act as continuation signals when aligned with the prevailing trend. Measure the wedge's height and project it from the breakout point to estimate the target move.

The relative strength index or RSI also dropped to its lowest level, matching April's low value of 34, following which BTC started to recover in the charts.
