As the first successful application of blockchain technology, cryptocurrencies have gone through more than ten years of development. From the initial Bitcoin to the current wide variety of tokens, the cryptocurrency market has experienced multiple booms and busts. Nevertheless, the ideas of decentralization and disintermediation represented by cryptocurrencies are profoundly influencing the traditional financial system. More and more institutional investors are beginning to pay attention to and participate in the cryptocurrency market, and governments of various countries are also actively exploring regulatory frameworks for cryptocurrencies to promote their healthy development.

Why crypto investors use DCA

As crypto payments mature, many travel services and airlines, directly or via intermediaries, are offering bookings via BTC, ETH and sometimes XRP. When it comes to flights and hotel booking platforms, sites like Travalala.com allow travelers to make bookings with BTC, ETH and many other supported digital assets.
