The turning point: Regulatory and market shifts

From permissionless to permissioned

During a Senate Finance Committee hearing earlier this month, lawmakers debated whether everyday crypto payments should trigger capital gains tax and how to fairly classify income generated from staking services. Coinbase's vice president of tax, Lawrence Zlatkin, urged Congress to adopt a de minimis exemption for crypto transactions under \$300.

GalaxyOne offers customers the ability to trade stocks and crypto in one place, mirroring services offered by Robinhood and Kraken. At the same time, Galaxy is targeting accredited investors with products like high-yield cash that aren't universally available.

They discussed how the incidents had made them "very happy" and that "this is what crypto should be about," while congratulating themselves for bringing attention to women's sports.

Milei has distanced himself from Libra, but crypto research firm Nansen said that traders lost \$251 million on it, leaving what Haines views as a novel canvas for fiction.
