The introduction of Google's AI summaries has raised huge red flags for web publishers, however, as users are less likely to visit their sites if the information is extracted and provided up front. The issue is compounded by AI's tendency to hallucinate, and even provide dangerous answers based on flawed sources.

“Bitcoin is fast becoming the gold standard of cryptocurrency, and we believe it would be an important company marker to add this asset to our company reserves,” Newsmax CEO Christopher Ruddy said in a statement.

In Europe and the US, major fast-food chains like Subway and Burger King continue to accept crypto payments, often through third-party gift card services or payment processors. While not a direct, in-house integration for every location, it's a simple way for consumers to spend their Bitcoin.

He added that the new bill “cuts red tape for banks and credit unions,” ensuring “law enforcement still has the tools they need to do their job.”
