Price pushes through a well-watched level on weak or average volume, shows little follow-through, and the next candle closes back inside the prior range.

By using trusted custodians, a diversified network of validator partners and transparent reporting, Grayscale has established a secure and compliant way for investors to participate in staking. It has turned staking from a complex, retail-oriented process into a professional investment opportunity.

Grayscale has played a central role in the institutionalization of crypto. Founded in 2013, it has grown into one of the world's largest digital asset investment

platforms, managing over \$35 billion in assets. It has now launched staking-enabled products that bring blockchain yield mechanics into Wall Street's traditional framework.

Coinbase also urged Treasury to issue guidance clearly recognizing API-driven compliance technologies, including outlining acceptable use cases, data privacy requirements, and interoperability standards.

Although Galaxy's business focuses on financial services and asset management, the company is also engaged in data center infrastructure. The firm said it remained on schedule to deliver power to AI cloud computing platform CoreWeave in the first half of next year.

Thomas previously led Saudi Arabia's multi-billion AI data center program as former president of AI Data centers at Saudi AI company Humain. Through his career, he created over \$12 billion worth of shareholder value across 19 ventures, according to the announcement.
