mining company by market capitalization, announced a new strategy to expand into AI data center infrastructure, aiming to diversify its revenue streams and strengthen long-term cash flow potential.

Crypto adoption in European countries like the United Kingdom and Germany is lagging behind Russia, according to the latest report from US blockchain analytics firm Chainalysis.

These are the advocates now of a code-is-law ethos, those who think freedom from restraint will advantage them precisely because it is asymmetric. They disproportionately wish to pursue activities that society censures, so a less

powerful social conscience disproportionately benefits them.

“This doesn’t mean the end of alt season,” said Gregory, though he issued a note of caution. While a rotation into altcoins is still on the table, Gregory believes that Bitcoin's declining bullish momentum may lead to a “bear trap that could flush out more leverage” before the market resumes its ascent.

For any blockchain ecosystem, growth depends on a vibrant cycle: developers build a variety of applications, which attract active users, whose presence then encourages more developers to build.

“The product will have the flexibility to connect to multiple exchanges, enabling DraftKings to offer one of the broadest suites of markets to its customers,” DraftKings said.
