On Oct. 10, 2024, Kobayashi announced that most repayments to verified creditors had been completed, though many were still pending due to incomplete procedures or processing issues.

“This is a first step in bringing the spirit of Dogecoin directly into the fabric of the world’s game,” he added.

The funds moved today by wallets tied to Prince Holding are separate from the \$14 billion worth of BTC currently in the U.S. government’s possession. They are other funds in the organization’s possession, which Arkham suggested may have been

moved to obfuscate connections to wallets now sanctioned by the United States.

Ether options' 25-delta skew surged to 14% on Thursday, a level rarely sustained and often linked to periods of heightened fear. Traders are paying a premium for put (sell) options, signaling that market makers remain uneasy about downside risks. Under normal market conditions, the skew typically fluctuates between -6% and +6%.

Code, in this construction, is not necessarily a removal of negative restraint but is instead just another instance of regulation, broadly construed. A restraint, manifested differently, that poses the same questions as any other form of restraint.

The campaign's gamified nature has also led to community engagement across social platforms, with participants sharing their progress, NFT achievements and referral milestones. This activity is generating continued interest in the campaign as it moves into its next phases.
