Why these three? Each has strong brand recognition, decent liquidity and different strengths: BTC as the store-of-value, ETH with its smart contract ecosystem and XRP with fast settlement and cross-border payments. Together, they cover what businesses need: trust, functionality and speed.

"Such a system would maintain or strengthen law enforcement capabilities while obviating the existing broad and costly financial surveillance regime," he said.

In its initial announcement of Tempo in September, Paradigm outlined its goal was to push forward the technology and adoption of crypto through a "mix of investing,

building, and researching.”

The union criticized the creation, saying that it “has no life experience to draw from, no emotion.”

For traders and builders alike, the real alpha will come from understanding how value migrates between these worlds. The Stripe Tempo news signals that the base layer is now strategic real estate. And in markets, whoever controls the rails eventually controls the margins.
