As bizarre as the cryptosphere may be at times, Haines wants the show to feel realistic and authentic, providing an inside look at how scams and hacks propagate. Haines said that goal has gotten some pushback from prospective backers, but it hasn't made a difference.

The comedian is far from striking a deal with the likes of HBO, but it might not be too long before Haines offers a closer look at what's coming. He plans on turning behind-the-scenes content into a vlog.

The NAV normalization has created a rare entry point for smart investors. Companies now trading at or below NAV offer pure Bitcoin exposure with optionality on future alpha generation and upside from any trading profits.

The open banking framework, first proposed in 2022 under former U.S. President Joe Biden and finalized on October 22, 2024, allows consumers to securely share financial data with third-party apps through APIs (application programming interfaces).

Canaan closed about 28% higher by mid-afternoon. CleanSpark, which on Monday announced that it would become the latest publicly traded miner to pivot resources to artificial intelligence-focused projects, was up roughly 4.5%.

BlackRock has launched its first Bitcoin exchange-traded product for UK retail investors, opening institutional-grade crypto access to Britain's retail market amid volatile trading conditions.
