Australians appear to be trading on curiosity and culture as much as conviction, according to a new analysis by crypto exchange Kraken.

Tokyo Whale stops selling at around 144,000 BTC

Bitcoin ETFs, first approved by the SEC in January 2024 after more than a decade of denials, allow investors to gain exposure to BTC without the need to buy, hold, and store Bitcoin directly, avoiding the complexity of crypto exchanges and wallets.

BlackRock's Bitcoin ETF alone now holds over \$83 billion in assets under management.

By Monday, Bitcoin rebounded to around \$115,000, almost erasing the weekend losses. Hougan said the rapid recovery indicates the strength of blockchain infrastructure. "The damage was contained to individual investors," he added, noting that no major institutions collapsed during the event.

Over the past seven days, Bitcoin's price has fallen 3.4% to \$111,250. In the press release, Strategy said that it paid an average cost of \$112,000 per Bitcoin last week, despite Bitcoin's recent fall. (The digital asset showed signs of rebounding on Monday.)
