A Newsmax spokesperson told Decrypt that the purchases will be made from its capital funds, and that the company was inspired by other movers in the treasury space.

It urges updating the Bank Secrecy Act to recognize decentralized IDs and zero-knowledge proofs as valid identity-verification methods.

Polymarket has already had a strong month of integrations, including Sam Altman's identity-focused World App on Tuesday and crypto wallet MetaMask, which expects its integration to take place before the end of the year.

That state of affairs could now change imminently. Waller's plan would allow U.S. institutions focused on "payments innovation"—aka, crypto and other emerging financial technologies—to gain their own access to the Fed's services, as opposed to depending on third-party, master account-holding banks.

"Ethereum should be extremely cautious about developing a technical deep dependency on a fund that is playing cards in a very strategic way."

Did you know? Alternative Airlines is a notable example since it supports over 600 airlines globally and allows payment using 100+ cryptocurrencies, including XRP.
