Just this week, the Michael Saylor-helmed business intelligence firm spent another \$27 million on Bitcoin, shortly before it crashed to current prices, now changing hands at around \$111,500.

The MACD is a popular momentum indicator used in technical analysis that helps traders identify the strength, direction, and duration of a trend in an asset's price.

They discussed how the incidents had made them "very happy" and that "this is what crypto should be about," while congratulating themselves for bringing attention to women's sports.

House of Doge telegraphed its deeper move into sports, telling Decrypt last week that it intends to tokenize multiple elements of mainstream culture, starting with sports.

"Traditional sportsbooks focus on entertainment-driven, event-specific wagering with defined odds and consumer protections; meanwhile, prediction markets operate as decentralized forecasting tools where liquidity and information efficiency determine prices," he added. "If effectively regulated, both models could ultimately complement each other."

Double tops form an "M" shape near resistance, signaling a potential bearish reversal. Double bottoms form a "W" shape near support, signaling a potential bullish reversal.
