Grok 4 combines a real-time feed of X conversations with web DeepSearch and a higher-reasoning “Grok Think.” That means you can surface sudden narrative spikes on X, ask the model to search broader web sources for context and request a reasoned assessment rather than a one-line summary. XAI’s product notes and recent coverage confirm that DeepSearch and expanded reasoning are core selling points.

"In the long term, partnerships between licensed prediction platforms and established sportsbooks are more likely than head-to-head competition, especially as the industry converges around transparency, liquidity efficiency, and on-chain data integrity," Ivan Muller, CMO at crypto-based gaming and sports betting platform, Dexsport.io, told Decrypt.

The UK tax authority has ramped up its scrutiny of crypto investors, doubling the number of warning letters sent to those suspected of underreporting or evading taxes on digital asset gains.

While some market observers believe that the traditional crypto four-year cycle is about to be broken, analysts told Decrypt this week that they believe some traders are still following the classic rulebook—and selling due to the expectation of falling prices ahead.

He said that we've previously had two cycles superimposed based upon the Bitcoin halving events every four years and the M2 global money supply.
