Comprehensive Guide to binance presale

Flag and pennant patterns form after sharp price moves. Flags appear as small, parallel channels, while pennants look like compact triangles. Both signal brief pauses before the prevailing trend continues.

Bitcoin's spot demand has been contracting over the past week, signaling a waning of retail interest, according to data from CryptoQuant.

"I think that most fiat currencies, especially those with large debts, will have problems being effective storeholds of wealth and will go down in value relative to hard currencies," he said, pointing to parallels between the coming years and two periods in the 20th century.

But there's other big market players to consider, like Bitcoin treasury companies, according to Rick Maeda, a research analyst at Presto Research. He's especially interested in ones like Japan's Metaplanet, which has sworn off ever selling its BTC stash.

DCA provides exactly that: You set the asset, amount and frequency, then let the schedule handle the rest. The result is steady exposure without the pressure to react to every market swing.
