But one token stands out: BNB, formerly known as Binance Coin, is up 24% in the past month and flashing technical signals that suggest either a moonshot to \$2,000 or a face-melting correction is imminent.

“From what we’ve seen, audiences aren’t interested in watching computer-generated content untethered from the human experience,” they said.

Waller said updates on the potential implementation of his “skinny” master account plan will be coming soon, with the Fed conducting outreach to interested stakeholders.
