North Korean hackers have adopted a method of deploying malware designed to steal crypto and sensitive information by embedding malicious code into smart contracts on public blockchain networks, according to Google's Threat Intelligence Group.

"The bottom line is, unless there is an audience for this, there's no future," he said. "I'm not an expert in almost anything, but there's one thing that I can say I have at least a little bit of knowledge in, and that's video. I've made so many."

Standard Chartered recently projected stablecoins could siphon \$1 trillion in deposits from emerging market banks within three years, while a Treasury Department report estimated stablecoins could trigger up to \$6.6 trillion in U.S. deposit flight depending on yield offerings.

The acquisition is made in partnership with Brag House Holdings, House of Doge's publicly traded merger partner that will help the firm soon go public via a reverse merger.
