Such flexible authority chafes libertarians because discretion is power. Laws create arbiters who necessarily have the authority to impose or remove costs from other humans.

Japan's new Prime Minister, Sanae Takaichi, announced a package of economic stimulus measures on Tuesday to ease the impact of inflation on households. The move, some crypto observers said, may drive more capital into Bitcoin.

Despite growing concerns over VC influence on the blockchain space, the industry still relies on traditional investment funds to attract more mainstream capital for sustained development.

Babylon Labs explains that current systems require numerous trust assumptions. Bob can hand over the Bitcoin to Larry for safekeeping, trusting that he will return it.

The approval allows Binance to take majority control of GOPAX, restart operations in Korea, honor repayment pledges to users, and position itself to compete with dominant local exchanges.
