All collected taxes, interest, and penalties would flow directly to energy affordability programs administered by the Department of Public Service in consultation with the Energy Affordability Policy Working Group.

When you've been around markets long enough, you start to see patterns. The tools we trade on and the rails we build on are never static. In crypto, one of the biggest shifts happening right now is at the base layer.

Gracy Chen, CEO of Bitget, echoed this, calling the dominance metric "a clear signal of capital gravitating toward the market's most trusted asset amid renewed institutional demand and broader volatility."

GalaxyOne offers customers the ability to trade stocks and crypto in one place, mirroring services offered by Robinhood and Kraken. At the same time, Galaxy is targeting accredited investors with products like high-yield cash that aren't universally available.

One of the meme coin devs asked the gym influencer for a picture, but when he attempted to nab Martyn's hat, he was slapped across the face as the fitness creator exclaimed, "You think that shit's funny? Get the fuck out of here."

The funds will support energy expansion, mining growth, and new high-performance computing projects, with the move building on earlier steps, the company said.
