"We're testing SearchGPT, a prototype of new search features designed to combine the strength of our AI models with information from the web to give you fast and timely answers with clear and relevant sources," OpenAI said in an official blog post.

The union criticized the creation, saying that it "has no life experience to draw from, no emotion."

Triangle patterns form when price movements create converging trendlines, resulting in a triangular shape. The three main types are ascending (bullish),

descending (bearish) and symmetrical (neutral).

Under these conditions, if Bitcoin's dominance fails to push significantly above 60%, capital could quickly rotate, "resulting in an altcoin pump," he added.

"The conventional wisdom was that the SEC was only going to allow 2X leverage going forward, but these filings suggest that it may be willing to allow more volatile products to hit the market," Roy wrote. "If they launch, these would be extremely risky funds designed for the most aggressive short-term traders."

Once a coin passes the quick screen, the next step is to dig into the data that tells you whether a project has staying power or is just another short-lived pump.
