Commenting on the price action, CEA Industries CEO David Namdar told Cointelegraph that BNB was the “most overlooked blue-chip in the market,” and that the rally reflected the market catching up to the token’s fundamentals.

“Thank you so much for slapping me, bro. You made a lot of our guys money, bro,” the slapped creator said, now with a buzzcut.

These are the advocates now of a code-is-law ethos, those who think freedom from restraint will advantage them precisely because it is asymmetric. They disproportionately wish to pursue activities that society censures, so a less powerful social conscience disproportionately benefits them.

The technique, called “EtherHiding,” emerged in 2023 and is typically used in conjunction with social engineering techniques, such as reaching out to victims with fake employment offers and high-profile interviews, directing users to malicious websites or links, according to Google.

Open banking, which allows consumers to share financial data with third-party apps through APIs, serves as a key link between traditional finance and sectors like decentralized finance (DeFi), crypto payment networks and digital banking platforms.

In the U.S., the GENIUS Act tried to mitigate the risk stablecoins could pose to banks by blocking issuers from offering yield. But that hasn't stopped other companies from creating incentives for stablecoin holders.
