For beginners, the market can feel overwhelming, but once you learn how to read crypto charts, the chaos starts to make sense.

The NHL's endorsement lends credibility to platforms that have operated in a regulatory gray area while potentially paving the way for other major leagues to follow.

BitMine is the world's largest Ether treasury company with a stash of more than 3 million ETH, or 2.5% of the entire supply, worth \$11.7 billion. It is already halfway toward its target of 5% and has only started accumulating the asset in early July, when ETH was hovering around the \$2,500 level.

By using trusted custodians, a diversified network of validator partners and transparent reporting, Grayscale has established a secure and compliant way for investors to participate in staking. It has turned staking from a complex, retail-oriented process into a professional investment opportunity.

June, Hut 8 received a \$150 million investment from tech-focused investment manager Coatue Management, to help the company “capitalize” on the growing demand for AI computing power.
