Grayscale's role in crypto institutionalization

Executives at crypto companies that violate the UK's advertising laws could face two years behind bars and other legal sanctions.

The surge in institutional interest in BNB has coincided with a rise in the token's price. On Oct. 7, BNB flipped Ripple-backed XRP to become the third-largest cryptocurrency by market capitalization. Less than a week later, on Oct. 13, BNB hit a new all-time high of \$1,370.

After resigning from Digital River in February 2020, Armbrust continued accessing the company's Amazon Web Services account between December 2020 and May 2021, running a program that mined cryptocurrency without authorization.

Creditors will sell U.S. debt as they grow worried about its ability to function as a store of value, he said. That will likely put the Federal Reserve in a tough position, Dalio added, where it has to decide between rising interest rates and a debt default crisis or printing money to buy debt and "try to hold real interest rates down, which will lower the value of money."
