Powell hints at more rate cuts

"The bill ensures that the companies driving up New Yorkers' electricity rates pay their fair share, while providing direct relief to families struggling with rising utility costs," Senator Krueger said in a statement when S8518 was introduced.

Defiance and other firms already offer a number two times leveraged ETFs that are geared toward short-term investors, asking them to speculate on the one-day direction of certain stocks, many of them in the technology sector.

Meanwhile, Turkish regulators have responded to growing adoption of crypto by expanding their watchdog powers. And the rising adoption of stablecoins in Asia has been at the center of a political stalemate in India.

The emergence of corporate L1s changes the liquidity map. If Stripe's Tempo gains traction with merchants, you'll see predictable, high-volume flows, which is great for low-risk, yield-capture strategies. The volatility and the asymmetric opportunities will still be in the permissionless frontier, however, where protocol changes, governance shifts, or market narratives can swing valuations overnight.

However, he emphasized that it is still a "working theory" and that he remains a Bitcoin bull.
