payment, clearing, and settlement processes, improving efficiency and reducing costs. At the same time, blockchain has shown tremendous application potential in various fields such as supply chain management, healthcare, and public services. With the continuous maturity of technology, we have reason to believe that blockchain will lay a solid foundation for the future digital economy.

The comments follow a white paper release from the company, revealing a Bitcoin trustless vault system that leverages Bitcoin smart contract verification BitVM3 to lock BTC in per-user vaults. Here, withdrawals are gated by proofs of external smart contract state verified on Bitcoin.

Nailwal isn't the only industry leader who has handed out heavy criticism to the EF, which has undergone a major leadership overhaul over the last 12 months.

"Traditional sportsbooks focus on entertainment-driven, event-specific wagering with defined odds and consumer protections; meanwhile, prediction markets operate as decentralized forecasting tools where liquidity and information efficiency determine prices," he added. "If effectively regulated, both models could ultimately complement each other."
