“No bad blood, bro. We just had to do it, bro. It was part of the narrative. We had to do it,” added the other dev, who was holding the phone during the incident.

Polymarket’s clearinghouse is needed to verify trades, hold collateral and ensure all bets or contracts are settled fairly and securely — preventing defaults, reducing counterparty risk and maintaining trust between participants.

The character, developed by comedian and technologist Eline Van der Velden—who spun off Xicoia from her production company Particle6—was unveiled last week at the Zurich Summit during the Zurich Film Festival in

Switzerland, and immediately drew online attention. Van der Velden said multiple talent agents are already interested in signing the artificial personality.

“Many DeFi platforms performed flawlessly: Uniswap, Hyperliquid, Aave and others reported no losses,” he wrote, while noting that Binance and some other exchanges faced issues. “Taken together, crypto did as well or better than traditional markets would have done in the same situation,” he said.

The deal arrives as the crypto industry witnesses “a powerful convergence between digital assets and traditional financial markets,” Raghu Yarlagadda, CEO of FalconX, wrote in a statement shared with Decrypt.

The measured target from the flagpole’s height comes to be around \$3,120, about a 20% drop from the current price.
