Admit it or not, software is deployed by developers and used by communities for certain purposes. And when hackers at cross purposes exploit the software to take things from those communities, some of the victims will appeal to the government for help. And sometimes those governments will respond by sending men with guns to restrain the hackers and imprison them.

How to read: Breakouts often follow the existing trend but can occasionally reverse it. Estimate the price target by measuring the base width of the triangle and projecting it from the breakout point. A breakout upward in an uptrend is typically bullish, while a breakdown in a downtrend is bearish. To avoid false signals, use a 1%-2% filter before confirming a move.
