“Our investment in U.S. Triestina 1918 is about much more than football. It’s about connecting Dogecoin’s global community with one of Europe’s most storied clubs and proving that digital assets can drive real-world value, culture, and passion,” said House of Doge CEO Marco Margiotta in a statement.

The Sun statement the Bubblemaps team was referring to appeared on X in Mandarin. In it, Sun said the wallet “only generally did a few exchange deposit tests, the amounts were very low, then did a distribution to one address.” He added that the tests “did not involve any buying or selling,” and that it would have been impossible for the token movements to have impacted the market.

Babylon Labs explains that current systems require numerous trust assumptions. Bob can hand over the Bitcoin to Larry for safekeeping, trusting that he will return it.

“We need VCs for now because they represent a comfortable bridge for the world's capital to flow into our ecosystem,” wrote Lubin, adding:

Similarly, the Coinbase app now ranks 29th in the US App Store within the finance category, a significant drop from its third-place position in January, according to data from The Block.

A key decision leader at the Federal Reserve has proposed a new path to registration with the central bank Tuesday—one that could, for the first time, unlock coveted privileges for crypto-focused financial institutions.
