That said, Miller cautioned against making generalizations. "It's always a bit dangerous to try to extrapolate things like user intentions from the cold data of average wallet analysis," he said.

The BFB is a public-private partnership between the government of Bahrain and tech companies focused on incubating financial technology startups.

The move resembles those made by Northern European countries like Norway or Sweden, Nic Puckrin, crypto analyst and co-founder of The Coin Bureau, told Decrypt. While those were not explicit bans, he said, "the removal of previous

advantages essentially made mining unviable."
