At the frontier, where these structures haven't been established yet, strong individuals can maximally exploit that strength to dominate others. That is freedom to those who want that or otherwise possess heterodox views and wish to exercise them away from propriety's watchful eyes.

In between are the hybrids, those L1s that want to be open enough to attract the crypto-native crowd but structured enough to keep institutions comfortable. This middle ground is where some of the most interesting battles will be fought — because it's the one place both sides might meet.

The approval allows Binance to take majority control of GOPAX, restart operations in Korea, honor repayment pledges to users, and position itself to compete with dominant local exchanges.

Meanwhile, analysts are divided over Friday's record crypto market liquidation. Some have accused major market makers of orchestrating a coordinated sell-off, while others have called it a natural deleveraging event.

Martyn has a history of people stealing his hat. Last year, Twitch streamer StableRonaldo stole the gym bro's hat and received a similar treatment—a swift slap to the face.

Steak 'n Shake joined the party in May 2025, rolling out BTC payments nationwide, crediting it for an 11% sales boost by attracting tech-savvy diners. Chipotle and Baskin-Robbins are on board, too, via BitPay integrations, where ETH, BTC or XRP funds your burrito bowl or scoop.
