South Korea's Financial Intelligence Unit has approved Binance's majority stake acquisition of GOPAX, ending a regulatory impasse that had stifled its return to the Korean market for over two years.

Crypto markets and stocks have in the past done well in a low interest rate environment. Experts previously told Decrypt that the price of BTC would benefit if lower interest rates.

"This helps us understand friction points and opportunities, and keeps us close to the edge of what's possible," the announcement reads.

However, he emphasized that it is still a “working theory” and that he remains a Bitcoin bull.

In their Telegram group, members have also brainstormed ideas for future attacks. Proposed targets include the Boston Marathon, a Lady Gaga concert and Wimbledon.

These include conspicuously posted warnings about speculative risk, which direct the user to informational pages and other prompts designed to alert the user and mandated know-your-customer requirements.
