The flipping has been an ongoing debate for years

"We recently contracted for additional power and real estate in College Park to deliver high-value compute to the greater Atlanta metro area and are evaluating giga-campus opportunities across the portfolio and pipeline that are well positioned to satisfy significant off-taker demand."

What really changes?

Three times leveraged funds are far rarer, with many observers of the space doubting that issuers would try to introduce more of these products, which can become a bad bet if the underlying asset veers in an unexpected direction. The prospectus itself warns repeatedly that the various funds proposed may not be right for all investors.

Its daily relative strength index (RSI) readings have been persistently above 70 in the past month, indicating that the asset is overbought and risks profit-taking.

“The USD is now on track for its worst year since 1973, down over 10% year-to-date. The USD has lost 40% of its purchasing power since 2000,” The Kobeissi Letter wrote.
