What really changes?

Polygon co-founder Sandeep Nailwal has criticized Ethereum's leaders for dismissing Polygon's status as a true Ethereum layer 2 — noting contributions that Polygon has made to Ethereum while receiving little recognition for those efforts.

Despite growing concerns over VC influence on the blockchain space, the industry still relies on traditional investment funds to attract more mainstream capital for sustained development.

“What that means is that when you remove a result from search under our policies, in addition, what we'll do is on any query that includes your name—or would be likely to surface that page from search—all explicit results will be filtered,” the spokesperson said. “So not all explicit results will be removed, but all explicit results will be filtered on those searches, which prevents them from appearing on searches where it would be likely to show up.”

The proposed buyback framework comes ahead of the upcoming Aave v4 upgrade slated for the fourth quarter of 2025.

Strategy stock (MSTR) gained 2% on Friday, ending the trading session at \$289.87. However, it has fallen 39% since its all-time high closing price of \$473.83 in November 2024, according to Google Finance.
